

# Hotel Garibaldi Blu ★★★★★

In the Piazza Santa Maria Novella sits this unique boutique hotel with just 22 rooms...but what rooms! Historic frescos juxtaposed with modern contemporary fittings, high ceilings with huge wooden beams, stylized furniture and in many cases, lovely views of Florence. Hotel Garibaldi Blu represents great value for money and a truly unique and fun way for families to experience Florence.

“ Our clients just returned from Italy and told me how perfectly wonderful their visit was to Florence and the Hotel Garibaldi Blu. They have posted lots of photos on Facebook and gave delightful reviews of all the staff at the hotel. Thank you for the in-room amenity you sent on my behalf, it was very much appreciated. ”
