

Hotel Splendide Royal Lugano

★★★★★

First opened in 1887, Hotel Splendide Royal offers a historic residence and privileged location on the promenade facing Lake Lugano. Providing easy access to the city, art and cultural attractions, the hotel offers international contemporary flair combined with Swiss attention to detail and an Italian soul. The warm Mediterranean-like climate, natural surroundings and brand new spa facility make the resort a sanctuary for adventure seekers, wellness aficionados and nature lovers alike.

Giuseppe Rossi

▲ Giuseppe is one of the best well-known hoteliers in Switzerland. Being the general manager of Lugano's most luxurious hotel is something Giuseppe has excelled at for more than 12 years. By now one might not inaccurately call him the unofficial mayor of Lugano! Erudite, charming and amicable Giuseppe is equally at home greeting heads of state at the Hotel Splendide Royal as he is climbing Kilimanjaro (as he did in 2019.) Rooted in tradition and embracing innovation and contemporary hospitality services, Giuseppe consistently challenges his team towards higher levels of attention to their guests.

MDV

“Thank you for our “royal” stay at the Hotel Splendide Royal, it was absolutely fabulous. We loved the royal treatment with our beautiful deluxe lake facing room, the wonderful breakfast and the sumptuous dinner. It's obvious you have the best property and position in Lugano, and we will be sure to recommend it to our clients. I love the idea of promoting the fast train from Zurich to Lugano as it provides so many options in the Ticino region.”
