

The K Club ★★★★★

Just 30 minutes from Dublin International Airport, The K Club estate is the quintessential family-friendly resort experience, set in 550 acres of the lush Irish countryside and the perfect base to explore Ireland's Ancient East attractions. Famous for its legendary Championship golf courses, the resort also offers an extensive choice of countryside leisure activities as well as the sumptuous K-Spa and its very own local pub experience.

Michael Davern

▲ Touring the vast K Club estate with Michael is fascinating. Watching him pick out the smallest little imperfection and fussing over how to address it is a glimpse into the perfectionist attitude he brings to any subject. And Michael is a man who enthusiastically expounds on many subjects. With the experience of running some of the world's best hotels, you can tell how happy he is to be putting that expertise to work back in his home country.

Michael not only manages one of the most luxurious and successful hotels in Ireland but also two championship golf courses, 8 different food and beverage outlets, all leisure activities, the impressive K Spa, the 10-bedroom mansion (Straffan House) and even the village pub which The K Club owns down the road. And yet, Michael is never too busy to greet guests, to book a special request and to make sure guests know that they are VIPs because they have booked with a trusted travel advisor.

Michael has overseen the vast renovations and expansion of The K Club over the last few years and is very proud to manage one of Ireland's great country estate properties.

MDV
