

The quintessence of Tuscan charm, Viesca Toscana is a 170-acre estate featuring 8 exquisitely furnished villas each with private pools, plus 14 air-conditioned rooms and suites, all set in beautifully landscaped gardens in the Tuscan countryside at the gateway to Chianti. The estate, which is privately owned by a prestigious, aristocratic family from Florence, is equidistant between Florence and Arezzo each just a 40 minute drive away.

Salvatore Ferragamo

▲ Salvatore Ferragamo; wine maker, hotelier and fashion ambassador. He wears many hats and is a tireless promoter of his beloved Tuscany. One of the many responsibilities Salvatore carries for his family's business is as CEO of Viesca Toscana, a place very close to Salvatore's heart as it was until recently the country home of his grandmother, Wanda, wife of his legendary grandfather whose name he carries. So for Salvatore, everything at Viesca must be perfect. After all, he carries forth the spirit of a very meaningful place in his family's history. Welcoming guests to Viesca Toscana is truly welcoming them to his home, a place that the Ferragamo family will forever venerate.

MDV

"Viesca Toscana was more than we expected and we would definitely recommend to others. The setting was beautiful and it felt like we were the only villa on the estate. The staff, including our butler and chef, were outstanding and very friendly."
