### Beyond our dreams!

[Google Traduttore](#)

We've stayed in Venice five times before this wonderful long-weekend break. This is the hotel that has impressed us the most!

Our large room, with a good view of the Grand Canal, was decorated in an arty-fun style --- we loved it! Comfortable bed... great bathroom with a bath and good-sized walk-in shower, double basins...

The staff were incredible! Such wonderful service from such friendly people!

Food: we dined in the main restaurant on our first night of three. Flavoursome food made from quality ingredients! We also ate in the bar area and thoroughly enjoyed the cuisine and the choice of wines. Breakfasts: amazing! The bacon, the cold meats, the scrambled eggs, the cake... My wife loved the eggs, the fruit and the pastries... Seriously delicious coffee too!

Location: it is just a two minute walk from the vaporetto stop and just ten minutes walk from the Accademia Bridge with the Peggy Guggenheim on the way. Perfect!

Would we stay again? Yes, we hope to return next December.

### Honeymoon Starter

Stayed here for the first leg of our Italian honeymoon. Have to say that the location was fantastic - a quiet area and still central to the main attractions of Venice. The staff were lovely and we had a beautiful meal on the Grand Canal as our backdrop on the Terrace. A truly special event.

### Amazing visit for a mini-moon

[Google Traduttore](#)

My husband and I spent 2 nights at this hotel for our mini-moon, the hotel is in a beautiful location on the grand canal. We had pre booked a coach from the airport Treviso which was 40 minutes to Venice, we then got a water taxi to the hotel from the drop off stop which cost €60, this seems to be a standard fee but was worth it and was nice to take in the canal views. We ended up walking to the bus station on our departure which was a 30 minute walk to the bus pick up, which wasn't too far and we ended up finding some more lovely places to see, we could have ordered a water taxi from the hotel but decided not to ( be prepared for lots of walking and take comfy shoes!) On arrival to the hotel we were warmly greeted by the concierge who helped us with our luggage. The reception staff were very friendly and helpful on arrival and we soon found out we had been upgraded to a canal view room on the 3rd floor which was lovely, we also had a complimentary bottle of Prosecco from the manager after hearing we were visiting for our honeymoon, which was very kind. We did not eat any food in the hotel as we had made other plans during our stay, however, we did enjoy some bar drinks and a coffee while sitting outside with a view, you get free nibbles with a drinks order which I thought was a nice touch. The hotel is in a good location with lots of restaurants, museums and shops near by, you can pick up a huge slice of pizza on route for €2.50 from local cafes and it was about a 20 minute walk St Marks square. We went on a Gondola which was €80 for 30 minutes, yes I did think it was pricey but it's the same price we saw everywhere, it was very enjoyable and for us was something that had to be done during our stay. We had a lovely stay in Venice and I would highly recommend this hotel, especially for its location!

### Honeymoon

We chose this hotel as we believed every room looked onto the Grand Canal, which it doesn't. We mentioned to reception we wanted a room onlooking the Grand Canal and it was sorted within half an hour. Our bags moved and new keys issued!

Amazing place to stay in Venice. Off the beaten track, but a very good location. The Views from our balcony room were just amazing!! Breakfast on the balcony was also great every day, getting to watch everyone go by on the Grand Canal was just breathtaking!

Definitely recommend this hotel for anyone looking for a 5\* plus hotel.

Its like a dream!
