A new brand is born in the world of luxury - Talea Collection: a unique collection of hotels, in the heart of the most refined Puglia: the Masseria Il Melograno, the boutique hotel La Peschiera and Tamerici Beach Club in Monopoli, the Cala Ponte Hotel and Cala Ponte Marina in Polignano a Mare. Five unique properties, which offer the same concept: elegance and respect of traditions and riches of

Apulian territory, with its history, customs and wonderful land. "Talea Collection becomes a reference point for guests- said Andrea Sabato, General Manager of Talea Collection - it allows them to discover Puglia for its authenticity through several experiences and understand its soul and its millenary territory." The word Talea means graft, new life. Talea is the fragment of a plant that is

cut and put into the soil or into the water to restore the missing parts in order to create a new specimen. It is thanks to this concept that the Talea Collection can give its magnificent properties new life - proposing a different idea of high-profile hotels. From the fortified Masseria of the XVII century, Il Melograno, a five star luxury hotel to the old fishing reserves, to the wonderful boutique hotel La Peschiera, the beach club Le Tamerici,
