Pierluigi & Luciana Giachi, proprietors of Tenuta Torciano

Pierluigi Giachi, Owner & Winemaker

For Many Generations Wine Making in San Gimignano

We are particularly excited about the 2018 harvest, the final product is truly surprising, balanced, with great quality.

The growing season was 'very regular', with no extreme weather events, and normal picking times.

Thanks to healthy grapes, ripe yet fresh, Pierluigi believes the vintage will be of excellent quality even if aged.

The characteristic of the 2018 vintage is to return to the norm after the many climatic vagaries of the last few years: it was cold at the right time, it rained enough to restore the water reserves (abundantly in the first seven months of 2018, spring and summer recorded average

temperatures with dry heat and refreshing rains.

In the norm were also all the vegetative phases of the plants, which led to a harvest that began in the second decade of September and an average quantity of grapes.

Our goal is to make Vernaccia di San Gimignano known and our hills all over the world, we are aware of representing an important and original product of our territory and not just for the production and marketing of wine.

Tenuta Torciano Winery - Via Crocetta 18, Loc. Ulgiano - 53037 San Gimignano (Siena) - Tuscany

Come and celebrate with us the beauty and taste of these warm sunny days. There is nothing better than a getaway trip to Tuscany during its most beautiful season; where the hills are green and fertile, and vineyards and olive groves are scattered through the rolling land.

The breathtaking landscapes continue with stunning art cities local to the winery, including **San Gimignano, Florence and Siena**. Nature's aroma will awaken your senses as you partake in an **outdoor lunch or dinner** in the scenic center of a vineyard, paired with uncorked bottles of wine chosen specifically from our exclusive production of Tenuta Torciano in San Gimignano.

Tuscan Wine Experiences

Tenuta Torciano is a luxury winery that began a life of service to the people. First with passing pilgrims by Via Francigena centuries ago to today, catering to the needs of the modern day pilgrim: you. Our location is now a renowned destination for visitors coming from all corners of the world. .

Today, guests come to visit **Tenuta Torciano** and our private oasis to experience genuine contact with **untouched nature**; and to also visit its cellars where you will have an opportunity to taste hundreds of labels that represent only **high quality products**.

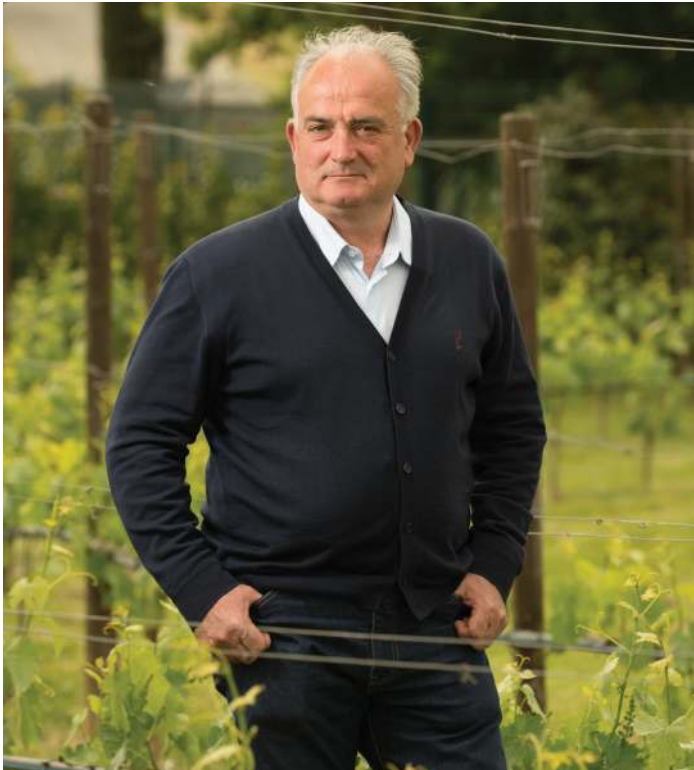

The first and most important element that characterizes our company is in our originality and genuineness, located between the **Florence-San Gimignano-Siena** triangle. But of course, it's all about wine.

The art of making wine is something that has been handed down from father to son for over 13^o generations of vineyard workers. An important **heritage** is the secret to our success.

WINERY COUNTRY CHIC

*The charm of a Winery Estate immersed in the Tuscan countryside,
a farm with animals and an organic garden.*

It took 13 generations and continuous investments to transform the Tenuta Torciano farm, founded in 1720 by Bartolomeo Giachi, into a refined Winery Country Chic with more than seven companies scattered around the Tuscany region and one in California.

We didn't want the estate to be just a very chic country home.

Directing the three restaurants of the estate with more casual seasonal menus, a la carte menus and fireplaces for barbecues is only a small part of our daily commitment.

The chefs, in fact, have set up a real biodynamic farm that makes the structure almost completely self-sufficient: from the hens that supply the fresh eggs, the vegetable garden that supplies vegetables and seasonal vegetables, to the flowers that adorn the table.

Sooner or later, everything on the tables will be produced on the farm.

Despite the size of the structure, its task was to create a family environment that resembled the classic "country house", a place immersed in a large green park, away from the city lights, with over twelve tasting rooms: the most beautiful are those located in the vineyard.

Pierluigi Giachi, manager and owner of the estate takes us on a tour to discover the property: hectares and hectares of gentle hills, lakes, meadows, trails to ride on horseback and gardens, including a private truffle forest.

In the last 5 years a team of 10 workers has pruned, arranged, and shaped the landscape, much of which was designed over 50 years ago.

We want this to be a relaxing place that encourages contact with nature. Thanks also to our circular vineyard and the coppice wood rich in rare gems: truffles.

After walking for an hour in the gardens of the estate, you will feel like the protagonist of a novel. Ready for a picnic in the vineyard, or in the forest, or a relaxing aperitif in the flowery gazebo in the garden.

Walking on the farm you can see the farmers who collect the eggs of the day, while the others hoe and work the soil around the vines. With a truffle land with over 700 trees and a green garden full of vegetables and flowers planted following the lunar calendar, as biodynamic agriculture foresees.

Instead the stable of the estate we can find Fenix, a splendid Arabian horse, which together with three other beautiful white horses eat hay in their enclosure and take clients in exciting horse back riding tours.

The hens (of Italian breed), the nutole and cyprid geese, the mandarin ducks, the royal pheasants and the peacocks seem to bear the temperatures of Tuscany at their best and grow happy in our farm.

I would like to turn all this into a food and agriculture laboratory so that people can see where their food comes from.

The idea was to convert a series of old barns into spaces where chefs, artists and artisans can teach their guests something. It's great for families on vacation. Adults can participate in a cooking class and children, in the meantime, learn how to ride a horse or use a bow in an archery experience.

We want to help people rediscover their passions, through a cultural program ranging from practical lessons to make cooking recipes, dishes, flower arrangements, to seminars on the value of wine in history and in everyday life. A new approach to hospitality:

The last frontier of luxury is having more time to dedicate to whatever makes us feel good.

VISITING THE WINERY

At **Tenuta Torciano**, you can relax and enjoy a **visit to the vineyards**. As you are lead through an informative tour, you will see the spectacular **vineyard spiral**: a harmonious succession of rows of plants arranged circularly, designed with plots interspaced by an island of central stone, the ultimate vantage point to **enjoy the beauty of nature**.

WHAT CAN YOU EXPECT

As if that were not enough, you can enjoy an idyllic time with fun activities both relaxing and educational.

We organize a truffle hunt in our oak wood where you can go off the beaten path in search of this precious and aphrodisiac delicacy. This experience allows us to live in harmony with **nature and the**

Continue your journey with a **tour of our production cellar** where you will come to find an enchanting atmosphere that showcases the first elements from which the harvest grapes come in contact with before being converted into wine. Your visit to the wine cellar will feature **hundreds of barriques** that hold precious wines requiring aging before they can be transferred into valuable bottles. Inside this cellar, you will also find our refined **restaurant** that will mesmerise you with typical **Tuscan cuisine**, accompanied by the **wines featured in our School of Wine by Pierluigi Giachi**. 13 different labels can be tasted in this educational, elegant and of course, fun environment.

dogs as you walk in woods full of beautiful oak, right alongside the beautiful Elsa river.

Following this adventure you can choose to participate in a **culinary class utilizing the truffles** you brought back with you from the hunt! You may also enjoy a class on how to **cook a perfect pizza**,

followed by a **dinner** prepared by our master chefs paired with a **vertical winetasting of our best reserves** from the cellar. We also offer horseback and vespa tours of our beautiful region.

You can experience our exclusive **Wine Etiquette course** in a **private room**, or leave the creativity to Pierluigi and his team as they embody the magic of the **Tuscan spirit**.

MEDITERRANEAN SANLORENZO CRUISE

Tuscan Wine Experience in the Tuscan Arcipelago, excursions that include tasting of the renowned Tenuta Torciano Winery.

An expedition highly recommended for lovers of luxury, of wine and food pleasures and especiall of the sea.

Born from the Giachi family's **passion for the sea**, this private cruise in the Mediterranean Sea is a full-day adventure through one of Italy's most exceptional marine areas.

Renowned for its biodiversity, the **Tuscan Archipelago** comprises over 61,000 km2 of sea and is the largest European marine park.

Like the pearls of a necklace, each island is different from the other.

Each island preserves **the traces of its history**, each island is **unique, original**, with only one common characteristi: the beauty of its nature.

And the chain that connects these **jewels is the sea**, a warm and welcoming sea with its flat calm, but also unpredictable with its storms as only the Mediterranean can be.

Emotional sails & Mediterranean Inspiration

Step into a wondrous world adorned with a sapphire jewel at its center. Sail along the beautiful Tuscan Arcipelago between small and bigger islands, threading and viewing enchanting cities and shorelines.

The voyage on San Lorenzo begins from San Vincenzo cruising toward Elba isle. With their unmatched sense of style, elegance, and grace, SanLorenzo ships beckon you to travel beyond the bounds of the imagination.

Today, on board of our new **Yacht San Lorenzo 80** of **24 meters** nominated **Astrid**, we **explore the heart of the Mediterranean Sea** and the pearls of the Tuscan archipelago.

The project of private cruises with tasting on a San Lorenzo yacht was **born from the personal passion of Pierluigi Giachi together with his wife Luciana and his son Emanuele** who managed to combine business, pleasure and love for nature in an exceptional way.

To understand this, just visit **Tenuta Torciano in San Gimignano**, a charming winery dating back to 1720 and situated in the middle of the Tuscan countryside, surrounded by wonderful gardens, rose bushes and a vegetable garden that supplies the estate's kitchens and cooking classes.

Anyone would have stopped here, but not the Giachi's family who made their estate a springboard to realize new ambitious projects. **San Lorenzo 80 is a boat out of the ordinary, designed for those who love elegance in design as well as contact with the sea.**

There are no levels to one's passion that's a family tradition from Bartolomeo to Pierluigi Giachi to Emanuele Giachi.

A real Winery of Five Stars on the Sea.

The culture to passionately produce Wine

from the soil to the bottle is an art form, an art form that needs to be experienced at the Torciano winery itself.

With its interior in wood, teak and walnut, it evokes the golden age of sailing in the open sea. To inspire us was the chance to spend our summers navigating between the islands of the Mediterranean Sea with the possibility of enjoying all the comforts. So we decided to spend the same emotion with all our guests who love Tuscany and the sea.

Guests of the San Lorenzo 80 should feel like they are in an intimate boutique hotel, without losing the spirit of the Tuscan winery. Exactly for this reason we have reproduced **on board the vertical tasting of our best wines, combined with tasty courses prepared directly on board by our chefs.**

The ingredients used, **exclusively fresh**, together with obviously the **"fish of the day"** and **excellent wines**, are the pride of our tastings on board. The influence of **Tenuta Torciano** is also evident in the presentation of the wines, in the boat cellar that can accommodate up to 200 bottles, in the table setting and in the new way of conceiving hospitality.

The yacht, with its clean lines inside and outside, can be rented exclusively for itineraries in the Mediterranean Sea and **can accommodate up to 10 people assisted by our crew**, satisfying any kind of need.

Because we know well that one of the most beautiful things of our San Lorenzo 80 is to live it as you love more!

“ *Eating and drinking fine wines plays a central role on SanLorenzo, with an open kitchen, a large mahogany table and the dining area located on the central deck, where guests can observe the panorama and our instructor sommelier at work and eat in total privacy even when the yacht is in port.* ”

While you walk through the vineyards, you will discover the cultivated varieties and the history of the bottles produced by the estate.

Limited to six people per Helicopter, this VIP experience is a perfect idea for couples, families, romantic getaways and special occasions.

In Tuscany few experiences are more luxurious than a **Helicopter Wine Tour with exclusive Wine Tasting**.

This world-famous destination boasts extensive vineyards, lovely boutiques, historical monuments, medieval villages and fascinating landscapes. To enjoy it in an unforgettable way, **take part in this Helicopter flight to visit one of the most famous and recognizable regions in the world.**

The tour continues with a stop at the **Tenuta Torciano Winery** where customers will be accompanied by the **Winemaker Pierluigi Giachi**, owner of the estate, who will welcome them personally with a glass of Champagne into a suggestive tour of the cellars and surrounding vineyards.

Finally, customers will enjoy a delicious lunch in the vineyard, or in a private room, where the owner will personally follow the experience.

The winery experience consists in a vertical **Wine Tasting of 13 Tuscan products, including personal vintage reserves with 1996-1997 years and limited editions.**

The 4 course lunch will match the tasting and the Wine School: appetizer of Tuscan salami

and cheeses with typical bruschetta, Ribollita Toscana with vegetables and fine extra virgin olive oil, Lasagna with truffles, stewed wild boar with selected olives, Cantuccini and dessert Wine.

Some of the wines that will be offered for tasting are the famous **Brunello di Montalcino, Vernaccia di San Gimignano, Chianti Classico and Super Tuscans.**

The courses have been chosen to offer an excellent wine-food combination and to transmit necessary experience to teach customers how to choose and taste wine when they return home.

At the end of the winery experience, customers will be escorted back to Helicopter at their accommodation.

The dreamy views of the truest Tuscany are the real protagonists, dotted with cypress trees, brushed by the rigor of the vineyard's rows and the white and dusty roads.

For a truly chic and emotional experience, book a Helicopter Wine Tour at Tenuta Torciano.

“ A passion for wine education, exceptional people skills, and extensive wine knowledge are the hallmarks of our sommelier-instructors. An experience that will help all our customer learn and understand our love for wines.
