Day 2  
Private Tour: Shipwreck & Blue Caves Skinari

Start with a about 1-hour trip by coach to Skinari harbor, on the north side of the island, where you'll board a small boat and watch the scenery slide past as your skipper whisks you away across the clear blue water. Set in the cliffs below Cape Skinari are the Blue Caves, the striking rock formations where the water reflects more shades of blue than an artist' palette. You can't go inside, but the boat will make a brief stop nearby so that you can capture the colors on camera.

Your next destination is Shipwreck cove, the beautiful bay which is only accessible by sea. You'll have around an hour here to cool off in the super – clear water, swim to the beach and see the half-buried shipwreck or just stay on deck and lap up the sunrays before the boat returns to Skinari and from there back to the hotel.

**Please Note:** Docking and swimming is weather permitting.
